Dear Robert,

I hope you're doing well. Please find attached the comments we submitted yesterday, as I wanted to make sure you received them.

Also, I just had a de-brief with Olin regarding the meeting last week. They reported that it was an informative meeting and that there are additional questions to be answered.

I know budget and time is tight but if it possible for any additional folks from your team to visit a facility we could certainly make that happen on our end.

I should have the Chemours and Branham meeting dates to you shortly.

Thanks again, let me know if there is anything else I can do.

Judith
